

RPII's guidance for visiting playgrounds during the second lockdown

The following information is provided to help keep you safe whilst using playgrounds during the second lockdown.

1

Talk to your children before you visit about the possibility that the playground may be very busy, particularly during weekends and after school, and consider visiting an alternative playground or returning at a less busy time.

2

Ensure you supervise your children, particularly the younger ones when using busy playground structures.

3

Don't allow your children to climb on busy playground structures as overcrowding on the structures can result in accidents.

4

Wash your hands and your children's hands before and after visiting. Take hand sanitiser with you and consider taking a bottle of water for if your children's hands get covered in mud. Ensure your children are using hand sanitiser frequently.

5

Look out for and pay attention to signage / instructions provided from the playground owner / operator

HM Government

6

Follow and adhere to all current government advice in addition to the above guidance.
